Three-Day Teacher Workshop - June 20-23, 2011

Application Now Available!

*Bringing the Wonders of Local Agriculture and Resource Stewardship
to YOUR Classroom!*

Available to K-12 Teachers from Amador, Placer and El Dorado Counties
Hosted by Ag in the Classroom – El Dorado County

The Teacher's Ag Summer Institute (TASI) links teachers with farmers, ranchers and other agricultural and natural resource specialists to gain a deeper understanding of the food and fiber production systems that sustain the health of people, society, and the environment. Teachers will explore real-world issues and acquire practical, easily transferable, standards-based instructional activities and resources to use daily in the classroom.

The TASI is FREE to local teachers --- only a \$25 registration fee is required at the time of acceptance into the program! Lodging and meals on the banks of the South Fork of the American River in Coloma, CA are included plus all resource materials. Teachers will receive a \$300 stipend upon attending the TASI and completing a lesson plan or class activity and presenting to the group at the "Back to the Farm" gathering on

Thursday, July 14, 2011. Continuing education credits will be available. Additional info at: <http://agintheclass-edc.org/PDFs/TASlannounce2.pdf> .

Teachers --- are you:

- Interested and ready for a great learning opportunity “in the field”?
- Can't wait to thin some wine grapes, look for beneficial insects and crop pests and discuss forest stewardship practices?
- Looking forward to taking great, standards-based resources, back to your classroom to teach ag/land stewardship concepts and activities to your students?

If so, please complete the on-line application available at the Ag in the Classroom website at: www.agintheclass-edc.org/teachersaginstitute.html. Applications will be accepted until January 14, 2011.

For additional information contact Wendy West, TASI Coordinator, AITC/University of California Cooperative Extension at 530-621-5533 or wkwest@ucdavis.edu
