## **California School Garden Survey – Extended!**

If you work with a school garden in California please consider completing the California Statewide School Garden Survey. Please spread the news of the survey to others. We are also asking schools without gardens to complete the survey to let us know what the barriers to supporting school gardens are.

This survey is being administered by Life Lab Science Program, with support from the California School Garden Network, **with the purpose of better understanding common elements, uses, and resources needed to sustain school gardens.**

Access the survey here:

<http://www.lifelab.org/2010/12/schoolgardensurvey/>

And see who has already responded!

Thanks El Dorado County schools: Indian Creek, Silva Valley, Sierra Elementary and Tahoe Valley

**Please pass this e-newsletter along to anyone that might be interest!** If you would like to subscribe or view past issues of this e-newsletter go to: <http://ucanr.org/foodforthoughtnewsletter> Newsletter Contact: Wendy West at University of California Cooperative Extension at [wkwest@ucdavis.edu](mailto:wkwest@ucdavis.edu) (530) 621-5533.
