

July Food Preservation Classes

Presented by UCCE Master Food Preservers

Amador/Calaveras County

Join us for a new summer evening series of basic food preservation classes on the second and fourth Wednesdays in Jackson. In July, learn to can soups, broths, vegetables and meats, and also how to dehydrate food to preserve large quantities of fresh produce in small containers.

Pressure Canning Basics

Wednesday, July 13
6:30 to 8:30 p.m., Free

Dehydrating Basics

Wednesday, July 27
6:30 to 8:30 p.m., Free

Location: Amador County GSA Building, 12200-B Airport Road, Jackson

Pickling & Fermenting

Saturday, July 9, 10 a.m. to 1 p.m., \$5

Heard about the popular fermented tea drink called kombucha? We'll teach you how to make this healthy beverage as well as other fermented products: kimchi, sauerkraut, and dill pickles. The \$5 entrance fee for this 3-hour class covers the cost of handouts and samples.

Location: Amador County GSA Building, 12200-B Airport Road, Jackson
